Preparation for Eiken Speaking Test

Private Lesson for Eiken Speaking Test

Why don't you take private lessons to prepare for the Eiken Speaking Test? We will simulate the real Speaking Test in each session, so you can find out what you need to prepare to pass the test. For example, we will check your pronunciation when reading sentences and show you how to read properly. We will give you tips on how to answer the questions as well.

Please check the following details.
